

Instructional Biography

Geoffrey Williams, PGA

TPI Certified

K-Vest II Certified Instructional Philosophy

The art of teaching is a combination of patience, enthusiasm, encouragement, knowledge, and most of all the joy of what you are doing.

My goal as an Instructor/Coach is to create a golf swing that will be efficient, fundamentally sound and repeatable.

This will be accomplished with 3-d (animation) and 2-d (video) analysis then, integrating the golf training through prescribing golf specific movements (that fit your desired goals) that will help reach peak ability.
